5 November 2020	
8:40-10:10 UTC	<p>DC on Gender and Internet Governance: IGF 2020 Future Unclear: data and bodies in the post-pandemic times</p> <p>https://www.intgovforum.org/multilingual/content/igf-2020-future-unclear-data-and-bodies-in-the-post-pandemic-times</p>
10:50-12:20 UTC	<p>DC on Data and Trust: Inaugural Meeting</p> <p>This interactive discussion is the inaugural meeting of the new Dynamic Coalition on Data and Trust. The speakers will briefly set the scene on the vision for the Dynamic Coalition, the linkages between data and trust within the domain name industry and online content environment. The discussions will be framed around the effectiveness of industry responses to the Covid-19 pandemic within the domain environment, web environment and social media.</p> <p>https://www.intgovforum.org/multilingual/content/igf-2020-inaugural-meeting-dynamic-coalition-on-data-and-trust</p>
17:40-18:40 UTC	<p>OF #30 Human rights and the use of AI in the field of health</p> <p>The area of health is considered an important field for use of AI, but has also stirred many human rights discussions. Medical data and online apps can support improved health outcomes. But they might also exacerbate inequalities and erode privacy. Such concerns became more visible amidst discussions around the use of online data to combat the COVID-19</p>

	<p>pandemic. This session discusses how AI can be best used in the area of health and how governments should respond to the challenges.</p>
